## DATASET MODIFICATION:

For the given dataset, I have modified the table by modifying some attributes and deleting

### 1. Modification

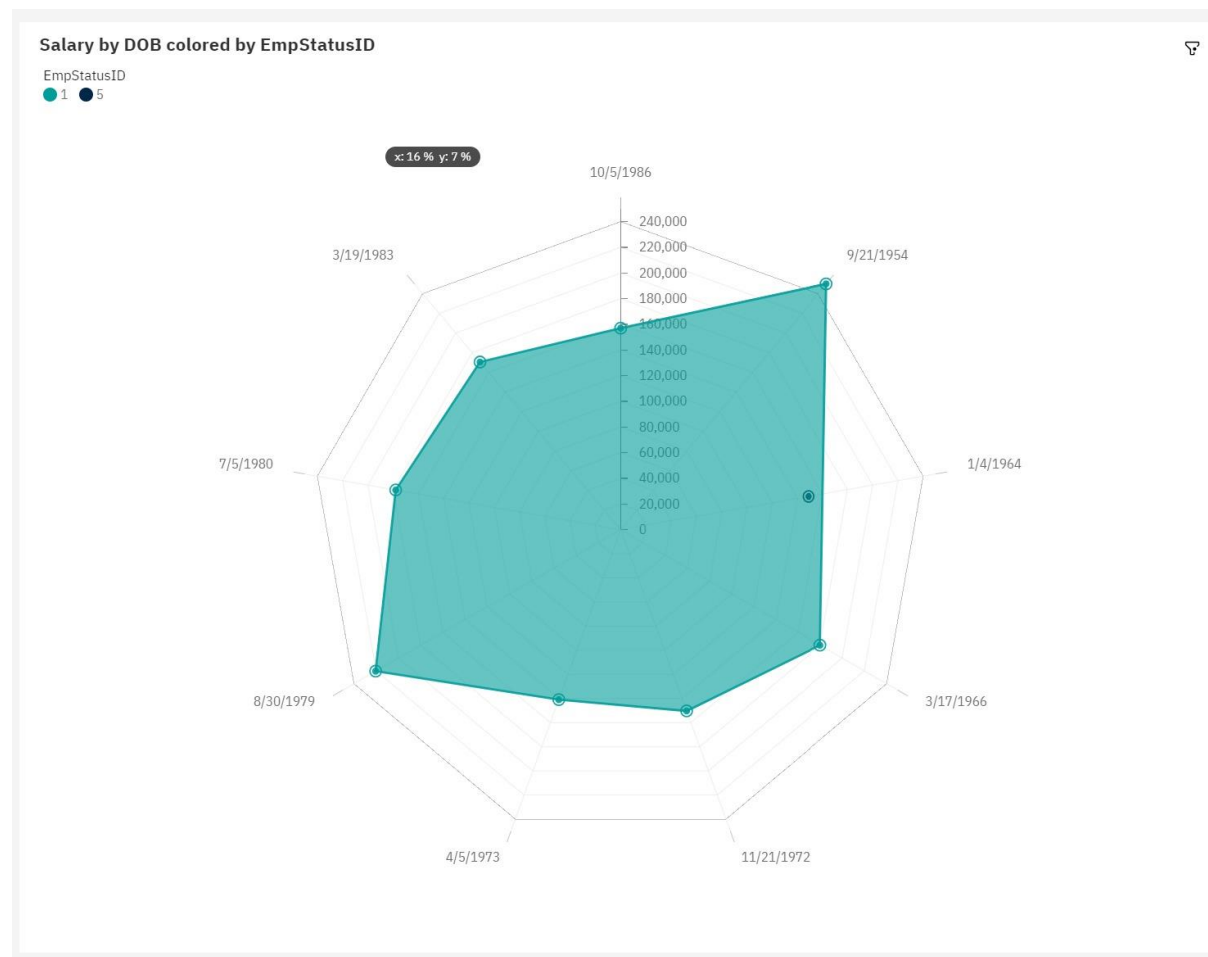

Certain attributes like HispanicLatino attribute has been cleaned in order to avoid confusion between the same entries entered in different cases

### 2. Deletion

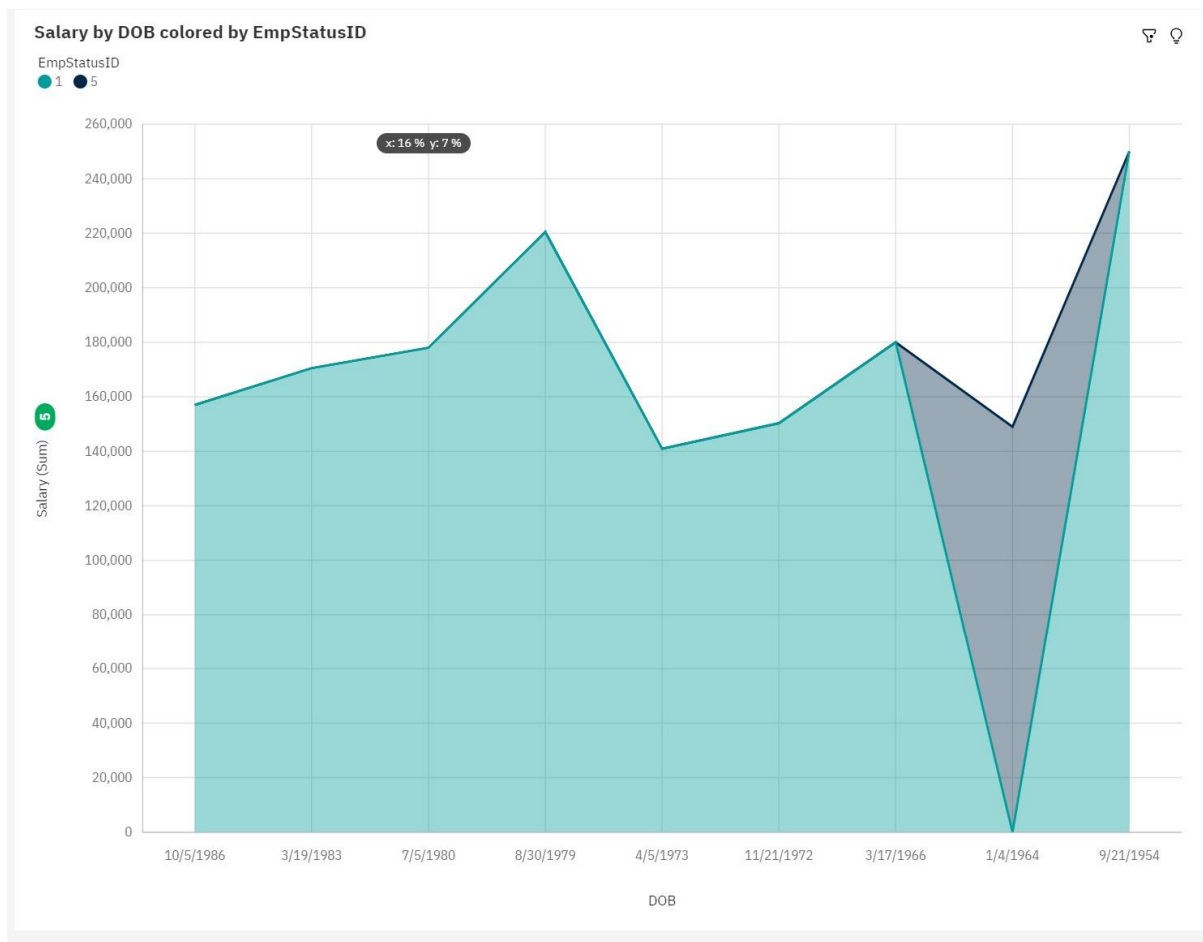

Several attributes like Department ID, Performance ID, etc have been removed in order to reduce redundancy since there were pre-existing text attributes with detailed explanation for the respective attributes

## VISUALIZATIONS:
